### **ICC-ES ESR# 2376 Verifies that GMCraft 10 minute, GMCraft 30 minute and GMCraft 60 minute Water-Resistive Barriers Meets Code Requirements 2012, 2009 and 2006 International Building Code**

---

*GMCraft BUILDING PAPER*, manufactured by *GMC Roofing and Building Paper Products Inc.* recently received an evaluation report (**ESR# 2376**) from ICC Evaluation Service (ICC-ES), providing evidence that the *GMCRAFT PAPER* meets code requirements. Building officials, architects, contractors, specifiers, designers and others utilize ICC-ES Evaluation Reports to provide a basis for using or approving *Building Paper* in construction projects under the *International Building Code*.

ICC-ES President Shahin Moinian explains why ICC-ES Evaluation Reports are so important. "GMC Roofing and Building Paper Products Inc. can now reference the evaluation report to ensure building officials and the building industry that the product meets I-Code requirements," Moinian said. "Building departments have a long history of using evaluation reports, and ICC-ES operates as a technical resource with the highest quality of product review for the building department. Final approval of building products is always in the hands of the local regulatory agency."

ICC-ES thoroughly examined *GMC's* product information, test reports, calculations, quality control methods and other factors to ensure the product is code-compliant. (*"We are committed to producing quality products and providing excellent service to our valued customers"* *GMC President*).

A nonprofit, limited liability company, ICC-ES is the United States' leading evaluation service for innovative building materials, components and systems. ICC-ES Evaluation Reports (ESRs), Building Product Listings and PMG Listings provide evidence that products and systems meet requirements of codes and technical standards. Reports from both listing programs are now accepted in Canada. ICC-ES is a subsidiary of the International Code Council<sup>®</sup> (ICC<sup>®</sup>). For more information, please visit [www.icc-es.org](http://www.icc-es.org).
