

# GMC Bulletin

***\*GMC Building and Roofing Paper Company strongly supports the ongoing efforts by ICC (International Code Council) in their efforts to insure that only quality products receive their stamp of approval. Recently GMC received communications from ICC in respect our ESR and the following conveys their findings regarding our approval and specifically our GMCraft 60 Minute building paper.***

***Subject: RE: GMC ESR 2376***

***"ICC-ES purchased a roll of GMCraft 60 at a retail outlet, and had the roll tested for water resistance, per ASTM D 779, at a laboratory accredited for that test method. I have just received the test report, and I am pleased to report that the product passed the testing with flying colors...."***

***Quality Systems Administrator  
ICC Evaluation Service, Inc.***

***At GMC, we are proud of the products that we manufacture. Beyond our own thorough Quality Control efforts, we will continue to have our products independently and randomly tested to insure that only the best products are available to our customers.***

***Most Sincerely,***

***GMC Roofing and Building Paper Products Company, INC  
Shafter, CA***
