

Jan 2020

To whom it may concern:

Subject: LEED letter, LEED points may be available in most installations

Manufacturer: GMC Roofing and Building Paper Products
Address: 6400 Zerker Road, Shafter, CA 93263
Phone # 661-399-4324

This Letter is to certify the following.

GMC Roofing underlayment and Building Paper products **are manufactured in Shafter, CA 93263.**

Products: Organic Roofing Felt Underlayments,
ASTM D 226 #15 and # 30,
ASTM D 4869 # 15 and # 30
ASTM D 2626 Organic Base Sheet #40
Building Paper Products, 60 min, 30 min and 10 min **ASTM Type 1, Grade D** are code compliant with IBC, IRC and UBC Standards.

100% of the roofing felt products consists of raw materials that are extracted within 25 miles of the manufacturing location. Dry felt is 100% recycled OCC paper and asphalt is derived from local oil refining process. Approximately 50% of the product is dry felt and 50% is asphalt in roofing.

GMC Building paper Kraft products contain 35% of locally derived recycled material from Kern County. 35% of Building Paper products contain asphalt and 65% is organic paper.

The VOC content in our finished products is negligible.

Sincerely,

Dave Swaroop

GMC Roofing and Building Paper Products, Inc.
